# Developing creative, influential leaders

**Crafted Leadership** is dedicated to spreading conscious leadership into the global workplace

We provide skills-based training and coaching for leaders and teams around four tent poles of leadership: self mastery, relational mastery, integrity, and improvisation. Focused attention to these areas builds teams of high trust and collaboration.

Our model, the Architecture of Inspiring Leaders, consists of 13 skills that cover vital aspects of leadership.

We support you to lead with increased confidence and address challenges from a place of ease.

**We challenge you to play to your edges. That's where real change happens.**
